

NCR SelfServ™ Bill Payment

Kiosk

Want to give your customers the option to pay bills without staff assistance?

YES

The NCR SelfServ Bill Payment solution improves customer satisfaction and drives top-line growth

The NCR SelfServ Bill Payment solution revolutionizes traditional payment transactions. Customers complete transactions quickly, simply and with no staff assistance. Customer satisfaction is increased and your staff can focus on making sales instead of processing payments.

- **Delivers innovative customer service while maximizing efficiency**

NCR SelfServ Bill Payment provides your customer with better service while you get more for your labor dollar. Your staff can focus on the sales floor, while customers process their transactions quickly and accurately. The kiosk keeps efficient and accurate payment records. And the enclosure provides multiple security zones and complete audit trail capability.

- **Provides flexibility and is easy to use**

NCR SelfServ Bill Payment accommodates many layouts and environments and can use either the SelfServ 70 (shown) or the SelfServ 71 hardware platforms. The easy-to-use bill payment solution accepts multiple tenders – cash, check, credit cards and debit cards – and ties directly into your point of sale. Beyond its intuitive design, NCR SelfServ Bill Payment allows your customers to complete transactions in the language of their choice. This customer-focused solution enhances the customer experience, increasing customer satisfaction and loyalty.

- **Provides reliability and is easy to service**

In addition to safeguarding your technology investment, the NCR SelfServ Bill Payment helps increase reliability and reduces repair and downtimes. In fact, the solution passes comprehensive environmental and compatibility tests to ensure reliability.
